to raise funds for the

Andrew Grene Foundation

To learn more about the **Andrew Grene Foundation** and its projects in Haiti, please visit the website **www.andrewgrene.org** or email **info@andrewgrene.org** for more information. There are also student and microfinance member sponsorships available. These offer unique opportunities to further the education of those who can potentially rebuild the country's economy following the devastating earthquake in 2010.

what is the AGF?

Haiti is a **small island in the Caribbean**, over 4,300 miles from the UK. In **January 2010** it was hit by a huge earthquake that sadly killed many people and destroyed their homes and businesses.

Andrew Grene was working for a peace-keeping organisation called the **United Nations** in Haiti and died, along with many of his colleagues in this earthquake. His twin brother **Gregory Grene** and best friend **Tim Perutz** decided to set up a charity in his memory and raise money for the country he loved.

The **Andrew Grene Foundation (AGF)** has built a school **(The Andrew Grene High School AGHS)** which has over 300 students and also lends money to businesses in a rural part of the island.
